

# ACT-32H UHF Handheld Microphone

## Features

- Aesthetically designed rugged plastic housing features the most comfortable handheld size and presents MIPRO's unique style.
- The unique metal grille of the microphone capsule module can be divided into the upper grille and the lower grille. The upper grille can be detached for cleaning; the lower grille is connected with the housing by an internal thread. The robust metal grille protects the capsule against impact, rolling and pop noise, ensuring clarity of sound.
- An LCD on the housing displays the working channel and battery status.
- Powered by two AA alkaline batteries.
- Pair with MIPRO's capsules module featuring high dynamic range for loud singing without distortion.
- Patented capsule suspension design virtually eliminates vibration and handling noise.
- A color-coded channel identification ring is put on the end of the housing which has a built-in high-efficiency antenna.

## Specifications

Mic Capsule Modules	Interchangeable condenser or dynamic
Display	Green backlit LCD
Frequency Range	UHF 480~934 MHz (country dependent)
Bandwidth	24 MHz
RF Power Output	10~30 mW (country dependent)
Spurious Emission	< 4 nW
Gain Setting	0 dB = microphone capsule sensitivity
Battery	Two AA alkaline
Dimensions	51 × 234 mm (Ø×L)
Weight	Approx. 250 g
Note	Refer to the actual product in the event of product discrepancy.
