DATA SHEET
EASYCONNECT
TABLETOP CABLE MANAGEMENT AND CONTROL SOLUTION

2 power connection model

1 power connection + control pad model*

EasyConnect is a cable management solution installed in a table designed to eliminate common challenges of essential cables that are missing or too short, or power outlets not available or conveniently located. EasyConnect offers the secondary benefit of well-ordered cable management, where the cables are neatly routed instead of trailing across the floor. It can be configured in various combinations of power options with or without control pads. Having a control pad installed in the table makes controlling the AV equipment a faster and more efficient process.

FEATURES

- Configurable: supports one power connection and one control pad, or two power connections
- Sliding cover with cable pass-through
- 6 foot (1.7 m) cables pull out and retract easily for storage
- Included cables: HDMI, VGA, 3.5 mm audio, USB-A, 2X CAT5

- AC power connector options: EU, Universal, CH, or DK
- Supports the following control pads: Impera Sierra II, Impera Echo, Impera Echo Plus, and Impera Oscar
- Direct-out 12V DC power supply
- Covered by Biamp Systems' five-year warranty

## ARCHITECTS & ENGINEERS SPECIFICATIONS

The cable management solution shall be installed into the top of a table. The cable management solution shall be equipped with the following types and quantities of cables: one HDMI cable, one VGA cable, one 3.5 mm audio cable, one USB 2.0 Type A cable, and two Category 5 cables. The cables shall be 6 feet (1.7m) in length and shall be retractable. The cable management solution shall support the following types of AC power connections: EU (Europe), Universal, CH (Switzerland), and DK (Denmark). The cable management solution shall shall support one or two AC power connections. Any combination of AC power connection types shall be supported for the two connection variant. The cable management solution shall support the following control pads in the one connection variant: Impera Sierra II, Impera Echo, Impera Echo Plus, and Impera Oscar. The cable management solution shall support 12V DC direct output power. Warranty shall be five years. The cable management solution shall be Biamp® EasyConnect.

* Control pad control sold separately
